* Weight excludes excavator mounting bracket.

**Capacity will vary depending on the make up of the material being handled.

*** Excavator weight range is a guide only. 2nd member configurations at or near min/max excavator weight and all 3rd member configurations must be preapproved by LaBounty. Quick couplers, short swing machines, long arms all impact carrier size recommendation.

LaBounty reserves the right to improve, update, or change the product specifications, appearance, or functional attributes without notice.

“There’s no comparison about how well you can control this grapple compared to a traditional 2 over 3 fixed thumb grapple when handling metal, wood, concrete, wire, you name it.”
